Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. The franchise of Express Telecommunications Co. Inc., (formerly "Felix Alberto and Company, Incorporated") granted under Republic Act No. 2090, is hereby amended to read as follows:

"SECTION 1. *Nature and Scope of Franchise.* – Subject to the provisions of the Constitution and applicable laws, rules and regulations, there is hereby granted to Express Telecommunications Co. Inc., (formerly "Felix Alberto and Company, Incorporated") hereunder referred to as the grantee, its successors or assigns, a franchise to construct, install, establish, operate and maintain for commercial purposes and in the public interest, throughout the Philippines and between the Philippines and other countries and territories, wire and/or wireless telecommunications systems, including but not limited to mobile, cellular, paging, fiber optics, multi-channel distribution system (MMDS), local multi-point distribution system (LMDS), satellite transmit and receive systems, switches, and their value-added services such as, but not limited to, transmission of voice, data, facsimile, control signs, audio and video, and information services bureau, and all other telecommunications systems technologies as are at present available or will be made available through technological advances or innovations in the future; and/or construct, acquire, lease and operate or manage transmitting and receiving stations, lines, cables, systems and all other types of facilities and structures as may be convenient or essential to efficiently carry out the purpose of this franchise."

"SEC. 2. *Manner of Operation of Stations or Facilities.* – The stations or facilities of the grantee shall be constructed and operated in a manner as will at most result only in the minimum interference on the wavelengths or frequencies of existing stations or other stations which may be established by law, without in any way diminishing its own right to use its selected wavelengths or frequencies and the quality of transmission or reception thereon as should maximize rendition of the grantee's services and/or the availability thereof."

"SEC. 3. *Authority of the National Telecommunications Commission.* – The grantee shall secure from the National Telecommunications Commission (NTC), hereinafter referred to as the Commission, a certificate of public convenience and necessity or the appropriate permits and licenses for the construction, installation and operation of its telecommunications systems/facilities, as may be required by law. In issuing the certificate, the Commission shall have the power to impose such conditions relative to the construction, operation, maintenance, or service level of the telecommunications system. The Commission shall have the authority to regulate the construction and operation of its telecommunications systems. The grantee shall not use any frequency in the radio spectrum without having been authorized by the Commission. Such certificate shall state the areas covered and date the grantee shall commence the service. The Commission, however, shall not unreasonably withhold or delay the grant of any such authority, permits or licenses."

"SEC. 4. *Ingress and Egress.* – For the purpose of erecting and maintaining poles or other supports for wires or other conductors and for the purpose of laying and maintaining underground wires, cables or other conductors, it shall be lawful for the grantee, its successors or assigns, with the prior approval of the Department of Public Works and Highways (DPWH), to make excavations or lay conduits in any of the public places, highways, streets, lanes, alleys, avenues, sidewalks or bridges of the relevant provinces, cities and/or municipalities: *Provided, however,* That a public place, highway, street, lane, alley, avenue, sidewalk or bridge disturbed, altered or changed by reason of erection of poles or other supports or the underground laying of wires, other conductors or conduits, shall be repaired and replaced in workmanlike manner by the grantee, in accordance with the standards set by the DPWH.

Should the grantee, its successors or assigns, after the ten (10) days written notice from the DPWH, fail, refuse or neglect to repair or replace any part of public place, road, highway, street, lane, alley, avenue, sidewalk or bridge altered, changed or disturbed by the said grantee, its successors or assigns, then the DPWH shall have the right to have the same repaired and placed in good order and condition at double the expense of the grantee."

"SEC. 5. *Responsibility to the Public.* – The grantee shall provide basic or enhanced telephone service in any municipality in the Philippines within the coverage of an approved certificate of public convenience and necessity for the establishment, operation and maintenance of basic and/or enhanced local exchange service, without discrimination to any applicant therefore, in the order of the date of their applications, up to the limit of the capacity of its local telephone exchange, and should the demand for the telephone service at any time increase beyond the capacity thereof, the grantee shall increase the same to meet such demand: *Provided*, That in case the total demand to be satisfied by the expansion is less than the smallest viable local exchange available in the market as determined by the Commission, the grantee shall not be obliged to furnish such service unless the applicant for telephone service defrays the actual expenses for the installation of the telecommunications apparatus necessary for such services and in such case, the Commission may extend the time within which the grantee shall furnish such service.

"The grantee shall operate and maintain all its stations, lines, cables, systems, and equipment for the transmission and reception of messages, signals and pulses in a satisfactory manner at all times, and as far as economical and practicable, modify, improve or change such stations, lines,

cables, systems, and equipment to keep abreast with the advances in science and technology."

"SEC. 6. *Rates for Services.* – The charges and rates for telecommunications services of the grantee, except the rates and charges on those that may hereafter be declared or considered as nonregulated services, whether flat rates or measured rates or variation thereof, shall be subject to the approval of the NTC or its legal successor. The rates to be charged by the grantee shall be unbundled, separable and distinct among the services offered and shall be determined in such a manner that regulated services do not subsidize the unregulated ones."

"SEC. 7. *Right of Government.* – A special right is hereby granted to the President of the Philippines, in times of war, rebellion, public peril, calamity, emergency, disaster or disturbance of peace and order, to temporarily take over and operate the stations, transmitters, facilities or equipment of the grantee, to temporarily suspend the operation of any station, transmitter, facility or equipment in the interest of public safety, security and public welfare, or to authorize the temporary use and operation thereof by any agency of the government, upon due compensation to the grantee, for the use of said stations, transmitters, facilities or equipment during the period when they shall be so operated.

"The radio spectrum is a finite resource that is part of the national patrimony and the use thereof is a privilege conferred upon the grantee by the State and may be withdrawn anytime after due process."

"SEC. 8. *Bond.* – The grantee shall file a bond issued in favor of the National Telecommunications Commission, which shall determine the amount, to guarantee the compliance with and fulfillment of the conditions under which this franchise is granted. If, after five (5) years from the date of the approval of its permit by the Commission, the grantee shall have fulfilled the same, the bond shall be cancelled by the Commission. Otherwise, the bond shall be forfeited in favor of the government."

"SEC. 9. *Right of Interconnection.* – The grantee is hereby authorized to connect or demand connection of its telecommunications systems to any other telecommunications systems installed, operated and maintained by any other duly authorized person or entity in the Philippines for the purpose of providing extended and improved telecommunications services to the public, under such terms and conditions mutually agreed upon by the parties concerned and the same shall be subject to the review and modification of the NTC."

"SEC. 10. *Gross Receipts.* – The grantee, its successors or assigns, shall keep a separate account of the gross receipts of the business transacted by it and shall furnish the Commission on Audit and the National Treasury a copy of such account not later than the thirty-first (31st) day of January of each year for the preceding twelve (12) months."

"SEC. 12. *Warranty in Favor of the National and Local Governments.* – The grantee shall hold the national, provincial, city and municipal governments of the Philippines harmless from all claims, accounts, demands or actions filed against such government arising out of accidents or injuries, whether to property or to persons, directly caused by the construction or operation of the stations, transmitters, facilities and equipment of the grantee."

"SEC. 13. *Nontransferability of Franchise.* – The grantee shall not lease, transfer, grant the usufruct of, sell nor assign this franchise or the rights and privileges acquired thereunder to any person, firm, company, corporation or other commercial or legal entity, nor merge with any other corporation or entity, nor shall the controlling interest of the grantee be transferred, whether as a whole or in parts and whether simultaneously or contemporaneously, to any such person, firm, company, corporation or entity without the prior approval of the Congress of the Philippines. Any person or entity to which this franchise is validly sold, transferred or assigned, shall be subject to the same conditions, terms, restrictions and limitations of this Act."

"SEC. 14. *Dispersal of Ownership.* – In accordance with the constitutional provision to encourage public participation in public utilities, the grantee shall offer at least thirty *per centum* (30%) of its outstanding capital stock or a higher percentage that may hereafter be provided by law in any securities exchange in the Philippines within five (5) years from the commencement of its operations."

"SEC. 15. *Equality Clause.* – Any advantage, favor, privilege, exemption, or immunity granted under existing franchises for telecommunications

issued prior to this Act, or which may hereafter be granted, shall *ipso facto* become part of this franchise and shall be accorded immediately and unconditionally to the herein grantee: *Provided, however,* That the foregoing shall neither apply to nor affect provisions of telecommunications franchises concerning territory covered by the franchise, the life span of the franchise or the type of service authorized by the franchise."

"SEC. 16. *Reportorial Requirement.* – The grantee shall submit an annual report to the Congress of the Philippines on its compliance with the terms and conditions of the franchise and on its operations within sixty (60) days from the end of every year."
